Choke Rings

FORTE

30111 C

Placed at the base of the penis it increases erection and pleasure.

- Extra elastic TPE material.
- Phthalate free.
- RoHS Compliant 2011/65 / EU.

EROS

30121 C

You can use all three at the same time, two or one, depending on your tastes or needs.

Very elastic and adaptable.

Ideal to keep your erections stronger.

Recommended in case of premature ejaculation.

STRONGER

30122 C

comfortable silicone ring.
One size, 4.5 cm diameter

- The Stronger ring is placed at the base of the penis and fits perfectly.
- Helps you have better erections during sex.
- If you use it after jelqing it helps you gain thickness.
- It is also recommended to trim or shave the pubic hair so that the hair does not get tangled in the ring and facilitate withdrawal.

HOW DOES IT WORK

The function of the choke rings is to keep the blood in the penis providing a stronger and longer lasting erection.

Its usual use is placed at the base of the penis, although you can also place it just behind the glans and it will enhance your sensations.

Vibrating rings

DOLMEN

30113C

Placed at the base of the penis, it increases the erection, and with the bullet in the front part it extends the intercourse in the couple.

Characteristics:

- Material: TPR + ABS extra elastic.
- Maximum duration 80 minutes.
- Works with a button battery.
- 1 vibration mode.

SENSATION

30120C

This cock ring incorporates a small appendix that stimulates the perianal area during penetration, transmitting the rhythmic movements of the accessory while it is in operation, providing more intense orgasms.

Characteristics:

- Material: TPR + ABS extra elastic.
- Measure / size: 3 * 7 * 2
- Works with: 2 LR1130 button batteries.

- Does not contain latex.
- Free of phthalates.
- Very flexible and soft to the touch..

With its elegant, functional and very ergonomic design, it will provide you with as intense a pleasure as you want.

Available colors:

Ben Wa Balls

The Chinese or Geisha Balls are generally formed by two balls joined by a cord, inside which there is another smaller ball that collides with the walls of the one that contains it when, when wearing them, the woman makes any movement.

The vibration produced by the shock of this ball against the walls of the vagina causes an involuntary and continuous contraction of the muscles that surround it, increasing blood circulation, lubrication and muscle tone.

Hipoalergénica

Reutilizable

Segura

Saludable

Material: High quality medical silicone.

Masturbating Eggs

Reference 30063

Reference 30062

Characteristics:

- Flexible and hypoallergenic Elastomer material.
- Disposable product.
- Includes lubricant sachet.

How to use:

- Remove the egg from the shell, apply lubricant to the edge and put it on the glans.
- Massage, taking care not to reach the base because it could break (focus on the glans).
- The egg is disposable, although you can use it several times if it is cared for correctly.
- Try to wash it well and let it dry completely.
- Once it is dry, you can cover it with hypoallergenic talc (this absorbs all the moisture) and then store it in its shell.

Rabbit Vibrator Ring

Reference 30116

Remote control

Rechargeable

Characteristics:

- Material: Silicone / ABS.
- Measurements: 12.2 x 4.4 x 5.2 cm.
- Powerful vibrator.
- 7 vibration modes.

- Rechargeable.**
- Highly realistic vagina.**

Audio

Male masturbator Aerospace

Reference 30059

Characteristics:

- Material: extra soft TPE.
- Measurements: 15 x 6 cms.
- Contains 1 sachet of lubricant.
- Use with water-based lubricant.
- Washable with warm water.
- Made of non-toxic materials.

Automatic penis developer

Erection or suction pumps are the most comfortable way to enlarge the penis.

The function of the pump is to create a vacuum and bring blood to the penis, which will cause an erection.

Good option in case of erectile dysfunction.

- Place the plastic tube over the penis.
- Start the pump by pressing its power button.
- Press it gradually until you get the desired suction / erection.
- Then slide the choke ring around the base of the penis.
- Remove the pump and leave the ring at the base of your penis.

Reference 30066

Extender

pro Extender
System

ProExtender is a medical device that is attached directly to the penis.

The product adapts to the erect length of the penis and then continuously enlarges.

This gradually pushes the erectile tissue forward, leading to an enlarged penis.

Enlarge and thicken the penis.

Corrects curvature (Peyronie's disease).

Improves erections and penetration.

Only scientifically proven method.

Greater visual excitement, more intense orgasms in your partner.

High quality equipment made of surgical steel and sterile plastic.

Perfumes

G - Feromona

Presentation in a 100 ml bottle.

Cut glass container with great detail.

Stimulates the synthesis of androstadienone, a male pheromone.

Reference 50006

Aromas Aroma with a woody fragrance opening, with a top note of citrus (blood orange, grapefruit, tangerine), followed by a fruity heart with hot pepper and spices. The base notes of cedar wood, amber and musk. Absolutely energetic, exuberant and daring.

The actor Nacho Vidal bets with this masculine fragrance for attraction, seduction and sensuality in the purest gentleman style. He helps boost natural pheromones, stimulates androstadienone (male pheromone) and makes it a magnet for the female sex.

Natural raw materials, Nacho Vidal's favorite. The synergistic combination of Forskolin from Makandi and theaflavins from Black Tea increases the power of physical attraction of man.

Pura Candela

"Delicate musky and floral feminine fragrance. With a soft scent of roses and talc.

It combines its floral notes of Turkish rose and damask rose with the classic scent of talc.

"There is no better tool to seduce than the one that comes through smell"
- Nacho Vidal.

Reference 50002

**100 ml pink glass bottle.
With feromone enhancer.**

Diva

Reference 50001

100 ml Glass bottle

Destined to become a mythical, irresistible, feminine and sexy fragrance.

Luxurious fragrance with a slight hint of white musk and a citrus background that culminates in the freshness of white flowers.

With feromone enhancer.

Soap

Sensual

Reference 70001

Handmade jasmine soap, with stimulating properties, libido enhancer, attractive, with a sensual and seductive aroma.

Favors and enhances natural pheromones due to its composition.

Made with natural products, due to its antiseptic and healing properties, it is indicated for skin conditions, being very beneficial in dermatitis and easily irritable skin.

It is the perfect complement to the massage oil "JASMÍN"

For Orientals, cinnamon communicates strength and energy and is useful in the event of decreased sexual vigor and frigidity, both in the form of a spice and in the form of Essential Oil for stimulating massages and baths.

Protects the skin from external aggressions by restoring the lipid layer. It has protective properties for nails and hair and stimulates blood circulation.

It tones and stimulates the central nervous system, the circulatory system, the glandular system and relieves fatigue in the legs.

Perfect complement to the "EXOTIK" dry cinnamon Massage Oil.

Made with natural products, Cinnamon soap leaves the skin toned and with a pleasant sensation of freshness.
